DETAILED ACTION

Drawings

1. The drawings were received on December 13, 2006. These drawings are accepted.

EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Theodore Naccarella on April 3, 2007.

The application has been amended as follows:

In the Claims

12. (Currently amended) The output stage of claim ~~[[11]]~~ 10 wherein the comparator has a first input coupled to the output node and a second input coupled to the voltage rail, the comparator being configured to output a first voltage level when the voltage on the output node is less than the voltage of the voltage rail and to output a second voltage level when the voltage on the output node is greater than the voltage of the voltage rail.
16. (Currently amended) The output stage of claim ~~[[15]]~~ 14 wherein the comparator has a first input coupled to the output node and a second input coupled to the voltage rail, the comparator being configured to output a first voltage level when the

voltage on the output node is less than the voltage of the voltage rail and to output a second voltage level when the voltage on the output node is greater than the voltage of the voltage rail.

3. The following is an examiner's statement of reasons for allowance: Claims 1-3, 5-10, 12-14, 16, and 17 are allowed because none of the prior art of record discloses or suggests the claimed diode clamp coupled between the control terminal and the first current flow terminal of the second transistor, in combination with the remaining claimed features.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Response to Arguments

4. Applicant's arguments, see Remarks, filed December 6, 2006, with respect to the objections have been fully considered and are persuasive. The objections have been withdrawn.

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Hal I. Kaplan whose telephone number is 571-272-8587. The examiner can normally be reached on M-F 8:30-5:00.
